-

X-ray Datasets (for Fracture Detection & Osteoporosis):

- Knee X-ray Osteoporosis Database
- MURA Dataset (Musculoskeletal Radiographs)
- Bone Fracture Dataset – Tibia and Fibula
- Human Bone Fractures Multi-modal Image Dataset (HBFMID)
- Medical Imaging Bone Fracture Colorized Img Data

CT Scan Datasets (for Fracture Detection):

- RSNA 2022 Cervical Spine Fracture Detection Dataset
- Vertebral Fractures (likely derived from the RSNA CT dataset)

DEXA Scan Dataset (for Bone Health Assessment/Osteoporosis):

- Osteoporosis DEXA Scans Images of Spine from Pakistan
